

To Our Valued Clients,

As we all deal with the current unusual circumstances related to the COVID-19 pandemic, we want you to know that we continue to operate in order to support your business.

We are classified as an essential business, so you can depend on us to continue bringing you the products and services you need each day.

We have been in the CLEAN business since 1949, so dealing with sanitation is nothing new to us. Our team associates are trained to properly handle products and processes and our facilities are equipped to produce dependably clean products. Our wash and finish temperature minimums along with our precisely implemented wash chemistry exceed the levels indicated by scientists to kill viruses.

We take our work seriously and the well-being of our clients and team associates is extremely important to us. Our standard has always been CLEAN and SANITARY, but we have taken additional steps to reinforce our normal processes, while being mindful of guidelines issued by health and governmental authorities. These additional steps include reinforcing our standard cleaning and sanitization procedures, ongoing employee training, implementation of policies which coincide with recommended procedures for safe operating areas, elimination of unnecessary outside visitors, and reduction in face to face meetings.

We are implementing these additional measures to help make sure we are able to continue providing superior service for you. Please contact us if you have any questions. Our business is built on trust, loyalty, and relationships. We are grateful for you and appreciate your faith in us as your provider. We will all work through these challenging times together.

Sincerely,

A handwritten signature in black ink that reads "Danny Lawrence". The signature is written in a cursive, flowing style.
